PLUMBING MAINTENANCE

WHY IT IS IMPORTANT

Ever have a leaky faucet, stopped up drain, or wonder if your water heater is running at top efficiency?

Most of us have. Wouldn't it be nice to have someone check on your plumbing system once a year and make minor repairs on the spot? This is what **Mandolin's Plumbing Care Maintenance Agreement** is designed to do. Routine maintenance on your entire plumbing system will help all those minor irritations disappear. We will make plumbing maintenance easy on you. Schedule online, by phone, or in person. We will even remind you to schedule your appointment!

ALL OPTIONS INCLUDE:

- 1 annual check-up on your plumbing system
- Ensure safe plumbing operations
- 5% discount on sewer and water line replacement
- 1 year warranty on all parts
- Priority emergency service
- Minor faucet repairs (washers only)
- 15% discount on additional labor and materials
- 5% discount on replacement water heaters
- 1 year warranty on all labor
- Peace of mind knowing your system is operating safely and efficiently

OPTION 1: \$125

- Check all faucets for leaks
- Check all sink piping
- Check washing machine hoses
- Check and tag all emergency shut-offs and water shut off valves
- Treat all drains with a green product that is safe for your family, pets, and your plumbing.
- Check water system for leaks (Check at the city water meter or well pump)
- Dye test all toilets for leaks
- Check all fixture drains
- Check all exposed hot and cold water supply lines

OPTION 2: \$250 (includes everything listed in Option 1, plus one water heater inspection)

GAS WATER HEATER

- Check main burner & pilot
- Inspect flue pipe
- Check for proper venting
- Check for gas and water leaks
- Check emergency shut off
- Check temperature & PRV
- Check drain valve operation
- Flush tank

ELECTRIC WATER HEATER

- Check operation of elements
- Check thermostat
- Check wiring
- Check for water leaks
- Check emergency shut off
- Check temperature & PRV
- Check drain valve operation
- Flush tank

TANKLESS WATER HEATER

- Check operation of burner assembly
- Inspect venting
- Inspect shut off valve
- *Add \$75 for Tankless Flush

OPTION 3: \$350 (includes everything listed in Options 1 & 2, plus sewer machine services & camera inspection. Limit one per year from a visible clean out located outside.)
